Dear Student Leadership,

It has come to my attention that the Che Café has been given an eviction notice. What is the reason for this? I attended UCSD from 1975 through 1981 and the Che Café was always a great gathering spot to exchange philosophical (and sometimes controversial) ideas and enjoy good food at a great value. As an iconic landmark of UCSD I strongly oppose closing the Che Café or even moving the location. I would want to know a very good reason for the decision to close the Che Café. I am past president of the UCSD Alumni Association and have served as Vice Chair of the UC San Diego Foundation board of trustees. Please reconsider your decision and keep the Che Café open!!

Sincerely,
